ABSTRACT OF THE ANNUAL REPORT OF THE BOARD OF DIRECTORS.

February 8, 1902.

The Board of Directors has to record the resignation of two of its members since the last annual meeting.

The President, Dora Keen, '96, handed in her resignation in May, shortly before starting on a journey around the world. It was a matter of special regret to the Board that Miss Keen could not complete the term of office in which she had already done such energetic and effective work for the Association. The Vice-President was appointed to fill the vacancy, and Susan B. Franklin '89 was elected Vice-President.

Edith Wetherill Ives '92 was obliged to resign from the Recording Secretaryship early in the summer, and was succeeded by Elizabeth Nields '98. Mrs. Ives had earned the gratitude of the Association by her constant interest in improving the annual report even before she had charge of it as Recording Secretary.

The Board has held seven meetings during the year and much routine business has been transacted.

The changes in the wording of the Deed of Gift of the James E. Rhoads Scholarships Fund, authorized by the Association last February, were accepted by the Trustees, and, with the assistance of John C. Bell, Esq., (the lawyer who drew up the original deed) a supplemental agreement was prepared, and signed by the officers of the Board of Trustees and of the Alumnæ Association. By the provisions of this supplemental agreement, a scholarship granted to a non-resident student may equal the amount of the tuition fee, instead of being limited to \$125 as before.

The Trustees also granted the request of the Board that they extend for five years the privilege of the exclusive sale of photographs of the Sargent portrait of President Thomas. By resolution of the Association the proceeds of the sale of these photographs are annually paid over to the Students' Building Committee.

The Board has this year resolved that in its future publications it will adhere to the latest college records as regards degrees and the dates at which they were conferred.

The Treasurer's report shows a satisfactory condition of the general fund in spite of the fact that 90 delinquents still owe dues amounting to \$128. The permanent Alumnæ Fund founded last year by adding the life membership fees to the small nucleus of the then existing Alumnæ Fund, now amounts to \$633.08, but the income derived from it is not yet sufficient to demand action on the part of the Association as to its disposal.

A special gift of \$500 was received last Spring from Cora Baird Jeanes, a former member of the class of '96. Mrs. Jeanes's preference being that it should go either to the Loan Fund or to scholarships, it was resolved by the Board that her gift be "held for the present until it is seen whether it is needed for the Loan Fund, and if not needed it be made the nucleus of a Scholarship fund."

The Association will doubtless in the future turn its attention to the need of more undergraduate scholarships, but for the present everything gives way to the all-absorbing demands of the Library Building Fund.

It is needless to repeat how Mr. Rockefeller, whose interest in the college one of our own alumnæ had succeeded in arousing, last December offered to give to the College \$230,000 on condition that \$250,000 for a Library Building were raised by next June. Already last year one gift of \$10,000 for this purpose had been secured by an Alumna, and the Association had further voted to raise \$10,000 among its own members and the former students. Under these new conditions the class collectors were at once urged to collect with fresh energy. To supplement their efforts, the Board issued an appeal to all alumnæ and former students which, together with a statement of the needs of the college by President Thomas, was distributed as widely as possible. The time for final payment having been extended to October 1, 1903, it was hoped that many who had not responded to the class collectors would feel able to do so then, and that those who had already subscribed would agree to repeat their contributions next year—in other words that two years collecting might be done in

one, so that the whole could be made to count towards the amount needed to secure Mr. Rockefeller's gift.

The Board would ask the Association to consider the possibility of doing in other places what has been so auspiciously undertaken by the Bryn Mawr Club in New York City, that is, the forming of local organizations for the purpose of systematic asking for gifts.

The Board wishes to announce that next year's meeting has been set for a date corresponding to this year's, February 7, the Saturday after the mid-year examinations, and in conclusion it makes grateful acknowledgement of all the earnest and efficient work of committees and class collectors which has added to the pleasure of its duties during the year.

ELIZABETH B. KIRKBRIDE, *President.*

EXTRACTS FROM THE MINUTES OF THE ANNUAL MEETING.

The Annual Meeting of the Alumnæ Association of Bryn Mawr College was held in Room D, Taylor Hall, February 8, 1902, the President, Elizabeth B. Kirkbride, in the chair. About ninety members of the Association were present.

An informal report of the meeting of the Academic Committee was presented by its chairman, Edith Hamilton, and at the recommendation of the Committee, the following resolution was adopted :

"*Resolved* that the Board of Directors be empowered to fill temporarily, until the next regular election, any vacancy occurring in the Academic Committee."

The report of the Nominating Committee was presented by its chairman, Susan Fowler. The Committee reported that its work was much hampered by the general impression that the nominees for the Board of Directors must be chosen from those members living near Philadelphia, and by the fact that very few nominations for members of the Academic Committee had been sent in. At the recommendation of the Committee the following resolution was adopted :

“Resolved, that the Board of Directors appoint a committee to investigate methods of nomination for the elections of the Association.”

SALE OF PHOTOGRAPHS. The report of the Committee having in charge the sale of photographs of the Sargent portrait of President Thomas was presented by Martha G. Thomas, treasurer. The report showed a balance on hand February 1, 1902 of \$15.03.

ALUMNÆ SUPPER. The report of the Committee having in charge the annual supper of the Alumnæ at Commencement was given by Ullericka H. Oberge, chairman. The Committee reported that one hundred and forty Alumnæ were present and had as their guests, President M. Carey Thomas and Professor Herbert Weir Smyth. Emma H. Linburg '96, was toast mistress, and toasts were responded to by Mabel Clark Huddleston '89, Edith Child '90, Josephine C. Goldmark '98, and Elizabeth T. Daly '01. In response to a request for a speech, Dr. Smyth recited a poem that he had composed to the air of “Fair Harvard,” and which he presented to the Association as his farewell gift.

AMENDMENTS TO BY-LAWS. The amendment to Article VI. Section 9 of the by-laws which had been proposed at the previous meeting by the Board of Directors was adopted.*

The amendment to Article I. of the by-laws by adding Section 3, which had been proposed at the previous meeting, was brought before the Association and adopted when amended to read :

“Former students of the college who have not received degrees may become Associate Members of the Alumnæ Association upon unanimous election by the Board of Directors.

Applications for associate membership must be made to the Board of Directors at least two months before the annual meeting and the names of applicants elected by the Board of Directors must be presented at this meeting.

To be eligible for associate membership a former student must have pursued courses in the college for at least two consecutive semesters, and, if a matriculated student, at least four academic years must have elapsed since the date of her entering the college. A return to the college for undergraduate work shall

* See By-Laws, p. 20

terminate an associate membership and render the student ineligible for re-election during the period of this new attendance at the college.

Associate members are entitled to all the rights and privileges of full membership, except the power of voting and the right to hold office in the Board of Directors, or to serve on standing committees."

The amendment to Article IV, Section 1, proposed at the previous meeting was adopted when amended to read: "Associate members shall pay the same dues as full members of the Association but shall be exempt from all assessments."

ELIZABETH NIELDS, *Recording Secretary.*

REPORT OF THE ACADEMIC COMMITTEE.

The annual meetings of the Committee were held this year on February 6th and 7th in Bryn Mawr. Only five members of the Committee were present, Dora Keen having resigned, and Alice B. Gould being unable to attend. Those present were: Edith Hamilton, Chairman; Susan Walker FitzGerald, Secretary; Jane Brownell, Mary Mason, and Elizabeth Kirkbride who was present in a twofold capacity, both as a regular member of the Committee and as President of the Association and therefore a member *ex officio*. The meetings consisted of a meeting of the Committee alone; a conference with President Thomas and two members of the Faculty, Dr. Scott and Dr. Kohler; a conference with President Thomas; and a final meeting of the Committee alone.

The most important reports from the College were as follows:

UNIFORM EN-
TRANCE EXAM-
INATIONS.

None of the entering class last autumn had taken the full entrance examinations set by the College Entrance Examination Board of the Middle States and Maryland, and of the one hundred and twenty-two Freshmen,

only nine had taken any part of them. The College greatly prefers its own examinations, both because Bryn Mawr has a higher standard than any other college in the Middle States and Maryland, and because so far it has been impossible to secure a rule against teachers who have pupils in the examination acting as proctors. Entrance scholarships will not be given to students who enter on Board examinations. Candidates for scholarships must take for their finals the Bryn Mawr examinations. This decision was necessitated by the delay there would otherwise be in awarding the scholarships, on account of the length of time that must pass before the result of the Board examinations can be known. The scholarships could not be announced until the autumn, too late for the holders to make their plans.

In order to open the graduate courses to as many as possible, to teachers in especial, all courses are given in the afternoon. This year there are eleven students who would not have been able to attend if the work had been in the morning. Of the forty-nine graduate students in the college, twenty are doing full graduate work; twenty-two are taking one graduate course; and seven have undergraduate work only. More graduate students come to Bryn Mawr for the second and third year of graduate work than for the first. On the whole, the condition of the graduate work is extremely satisfactory, and, as compared with other graduate schools this is an excellent showing.

The subject of the low numerical rating of English in the entrance examinations was discussed at length in the meeting, and it was felt by all present that more points should be given to English. The subject is at present under consideration.

A list of reading in French and German, covering enough ground to prepare a student well for the "orals," is now given each student when she enters the college. The understanding is that this reading shall be done during the summer vacations, and the students register each autumn whether they have done the reading for the previous summer or not. The records of the reading done by each student are given to the Committee on the Oral Examinations. This

reading is recommended only, not required, but as a matter of fact, the students feel that it is a great help and do it almost without an exception.

PLANS FOR THE NEW HALL OF RESIDENCE. The hall is to have at least as large a proportion of inexpensive rooms as the other halls and perhaps

a larger proportion. The report that there were to be in the hall, only single suites, each with a private bath, arose from a mistake on the part of the architect. The intention is to have in each single room an alcove large enough to hold the bed and washstand. These alcoves exactly correspond in shape and size to the single bathrooms elsewhere in the hall, and the architect in drawing the plans marked them all alike as bathrooms.

Other matters that came up for discussion were:

The result of dropping from the required work solid geometry and trigonometry; the working of the new rule for raising the standard of the A. B. degree; the course in pedagogy; the Bryn Mawr College monographs; the condition of the fund for the library building.

It was decided that the meetings of the Committee should be held in future on the two days directly preceding the annual meeting of the Alumnæ Association.

After much consideration the plan for publishing an article on the Social Life of Women Students was given up, for the reason that the results so far reached did not promise an article that would either have academic interest, or be of practical value in the college administration.

EDITH HAMILTON, *Chairman.*

REPORT OF THE CONFERENCE COMMITTEE.

There has been the usual number of meetings of the Conference Committee during the past year, and the pleasure of the informal meetings has been increased by the presence of former members in the neighborhood who have been invited as honorary members of the committee.

The undergraduate members report great interest among the students in regard to raising the amount necessary to secure Mr. Rockefeller's promised gift to the college; it has been agreed by

the Students' Building Committee that the proceeds from all Bryn Mawr Calendars for 1902 sold by undergraduates shall go towards the fund for a Library Building, and the Undergraduate Association has pledged itself to try to raise ten thousand dollars for this fund.

Since Madame Schumann Heink's recital last spring the Music Committee has arranged for four concerts, three of which, a song recital by Miss Marguerite Hall, a violin recital by Miss Leonora Jackson, and a recital by the Kneisel Quartet, have already been given. (A list of the lectures delivered before the college, and of the college preachers, will be found in the President's Reports for the year 1900-1901 and 1901-1902). Two receptions have been given by the college, and, in the autumn the Faculty gave a reception to the Graduate Club. The Sophomore entertainment in October was the play of "David Garrick," and the Freshmen gave an original burlesque "Borumora." The outdoor procession and presentation of lanterns by 1904 to 1905 on "Cap and Gown Night" is said to have been unusually effective. The Alumnæ, especially those of the early classes will be interested in an article in the "Fortnightly Philistine" for January 17, on the origin of the lantern as the symbol of the College.

Within the last few weeks at the suggestion of a member of the class of 1900, the Trophy Club has been formed; this is a club of nine members, alumnæ and under-graduates, which shall collect and preserve such things as class lanterns, programs of plays and entertainments, athletic trophies, and photographs of classes and class plays. What exists already of this collection is at present in the first floor corridors of Pembroke East; it is hoped that later this club may be given a room in the Students' Building.

The introduction this year of the game of hockey has supplied a long felt want in the athletic life of the college, as this game may be played out of doors, and many may take part in it. Through President Thomas the students were given an opportunity for instruction in the game by Miss Appleby, who has been introducing hockey into the women's colleges.

Miss Mary E. Garrett has presented the college with a very valuable collection of pictures and furniture.

The need of a Students' Building is felt to be more pressing than ever; in December a successful Christmas Sale was held in the Gymnasium for the benefit of the Students' Building Fund.

HELEN J. ROBINS, *Chairman.*

REPORT OF THE JAMES E. RHOADS SCHOLARSHIPS COMMITTEE.

The Alumnæ members of the James E. Rhoads Scholarships Committee held a preliminary meeting on May 2d, 1901. These members subsequently met with President Thomas and two members appointed by the Academic Council of the Faculty for the fifth annual meeting of the Committee, on May 13th, 1901.

Applications were presented from six students for the Sophomore scholarship, and from five students for the Junior scholarship.

Of the total number of applicants, six had an absolute numerical average of more than eighty per cent. on the total number of required hours completed to date.

After a very careful consideration, the Committee nominated to the Trustees, Clara L. W. Wade for the Sophomore scholarship and Margaret E. Brusstar for the Junior scholarship.

Impressed with the qualifications of the other applicants and regretting their disappointment, after referring several of the applicants to the Students' Loan Fund, the Committee took pleasure in being able to confer two special scholarships from a sum of \$500 in hand. In dividing the sum into scholarships, \$335 was given to one Freshman student and \$165 to one Sophomore student.

Of this sum the Committee had received \$250 from Mrs. William G. Warden in 1900, too late for use in the spring of that year. The remaining \$250 was given to the Committee, in six separate sums, to use in May 1901. The seven donors of the \$500 were:

Mrs. William G. Warden,	\$250
Dr. D. Murray Cheston,	100
Dr. B. Alexander Randall,	10
Mrs. J. Campbell Harris,	100

Miss Charly T. Mitchell,	\$ 10
Miss Edith McCarthy,	5
Miss Dora Keen,	25

The printed forms of application and accompanying blanks to be filled in by the College Record Office, prepared by the Committee in 1900, have greatly facilitated the work of the Committee.

The large number of eligible applicants for the Junior and Sophomore scholarships makes clearly evident the need of more scholarships, if the wish of the Committee is to be fulfilled "that no deserving student of high grade shall ever be obliged to leave college."

KATHARINE M. SHIPLEY, *Secretary.*

REPORT OF THE STUDENTS' LOAN FUND COMMITTEE.

One meeting has been held by the Students' Loan Fund Committee the past year, at which applications were considered and loans made to nine students, amounting to \$1300. \$1151.84 have been repaid to the Fund since the last report.

The Committee feels that the Fund holds a very important place in the economy of the College, and it hopes that the efforts put forth in the past for its support by the Alumnæ individually and as an Association, will be continued.

On behalf of the Committee,

ABSTRACT OF THE ANNUAL REPORT OF THE BOARD OF DIRECTORS.

February 7, 1903.

The collection of the Library Fund was hardly under way at the time of the last annual meeting. The successful completion of the Fund has been the great event of the past year. The part played by the Alumnæ Association in helping to bring about that success is shown in the Treasurer's report, and in the appended statement which gives *all* the amounts to be credited to the Alumnæ. President Thomas decided to include in this list all gifts of parents of Alumnæ even though the donations were solicited and received by her. In most cases where subscriptions of a thousand dollars or over were obtained by Alumnæ, the Association secured the pledge of the donor, and handed it over to the college for collection. Hence these two large classes of gifts do not actually pass through the books of the Association. According to this statement the total to be credited to the Alumnæ is over \$125,000—more than one-half the entire amount raised. In recognition of this fact the college is prepared to credit the Alumnæ with the main reading room of the new Library, as well as to commemorate in the cloisters all individual gifts of \$10,000 or more.

Among the many ways in which the fund was raised should be noted first the untiring efforts of the class collectors and their assistants, who bore the brunt of the early and most discouraging days of the work. A printed appeal sent out by the Board of Directors, and a subscription list passed around at the annual meeting helped to bring the total of smaller contributions to considerably over the \$10,000, which the Alumnæ had originally planned to raise. Then came the Denbigh fire and with it the fresh resolution of the Alumnæ to do what they could toward preventing such calamities in future by helping to fulfill the terms of Mr. Rockefeller's offer and so secure the electric light plant, and end once and for all the danger from oil lamps. In

less than twenty-four hours from the time that the fire began the following telegram had been sent to every Alumna in the United States: "Meeting Taylor Wednesday four, come or telegraph what can raise." Responses to the amount of \$14,397.41 were announced at the meeting two days later. The calling of a meeting in this way was made possible by the timely help of Mr. Samuel Rea, Fourth Vice-President of the Pennsylvania Railroad, and Mr. Schaefer, Superintendent of Telegraphs, through whose good offices the Western Union Telegraph Company was induced to send the messages free of charge. When a few weeks later it was decided to send the President of the Association and Evangeline W. Andrews, '93, to Chicago in order to arouse interest among the Alumnæ there, and to prepare the way for President Thomas's visit, it was again Mr. Rea who made it possible to do this at very slight expense to the Association.

Meantime the Bryn Mawr Club in New York City, had arranged a very successful concert, from which in the sale of tickets and in donations it realized over \$3,000. A meeting was also held under its auspices at which a committee of prominent people was appointed to help in the work of collecting. Not willing to have Philadelphia entirely outdone because of its lack of a local organization, the Board of Directors appointed a special Philadelphia committee with Edith Pettit, '95, as chairman. This committee, consisting of twenty Alumnæ and former students, did excellent work in suggesting names of possible donors to President Thomas, and in securing contributions through the personal appeals of its members. It also arranged for a benefit performance of "Pinafore" by an amateur musical society, the "Savoy Company," which kindly volunteered to give its services. The proceeds of this performance, \$975, not having been definitely reported until after the required amount for the Library was raised, are held by the Alumnæ Association as a separate fund to be used for some purpose connected with the Library or the Students' Building. The total amount raised through the efforts of the Philadelphia Committee was \$14,035.

The amount of work which all this collecting has entailed upon the Treasurer has been enormous and her difficulties have been increased by the fact that, under so severe a test, the

present system of class collectors has proved rather a cumbersome one.

An important step towards systematizing and centralizing the finances of the Association has already been taken. Last spring the Board authorized the opening of a new set of books by an expert accountant, and at the same time decided that all committee funds should be placed in the custody of the general Treasurer. The Loan Fund has accordingly transferred its account to the Treasurer of the Association. The Board has also authorized the auditing of the books for the year by the same public accountant who opened them.

In connection with the Loan Fund it should be mentioned that as this year's demands upon it were unusually large, the Board decided to hand over to it Mrs. Jeanes's special donation of \$500, keeping only the interest, \$12.00, as the nucleus of a future scholarships fund.

In order to put in operation the new by-law admitting former students as associate members, the Board has sent out nearly six hundred notices of the amendment passed in February, 1902, and has unanimously elected forty applicants.*

In accordance with the resolution of the Association, the Board has appointed A. C. Dimon, '96, Susan Fowler, '95, and Marion Parris, '01, a special committee to investigate methods of nomination.

Acting under the power conferred on it at the last annual meeting the Board of Directors filled the vacancy then existing on the Academic Committee by the appointment of Edith Sampson Westcott, '90, the appointment to hold until the next election. Mrs. Westcott has been obliged to resign before the expiration of her term and her place has been filled by Susan B. Franklin, '89. A further resignation, that of Alice B. Gould, '89, having occurred since the election ballots were sent out, Emily James Putnam, '89, has been appointed to complete Miss Gould's term.

The next annual meeting of the Association will be held on Saturday, February 6th, 1904.

ELIZABETH BUTLER KIRKBRIDE,
President.

EXTRACTS FROM THE MINUTES OF THE ANNUAL MEETING.

The Annual Meeting of the Alumnæ Association of Bryn Mawr College was held in Room D, Taylor Hall, February 7th, 1903, the President, Elizabeth B. Kirkbride, in the chair. There were about seventy members present.

The reports of the Board of Directors and the standing committees were read and accepted by the meeting.

SALE OF PHOTOGRAPHS. The report of the Committee having charge of the sale of photographs of Sargent's portrait of President Thomas, showed a balance on hand to the credit of the Students' Building of \$11.24.

ALUMNÆ SUPPER. Martha G. Thomas reported for the Committee having charge of the annual supper at Commencement. At the last supper about one hundred and thirty Alumnæ were present, having as their guests, President Thomas, Miss Mary E. Garrett, Dr. Warren, Professor C. M. Andrews, Mr. and Mrs. Richard Watson Gilder, Mr. and Mrs. Wayne MacVeagh, and Professor and Mrs. George S. Fullerton.

Alice Jones, '97, was toastmistress and toasts were responded to by Helen J. Robins, '92, Emma S. Wines, '94, Clara H. Seymour, '00, and by Grace Douglas on behalf of the Class of 1902.

AMENDMENTS TO BY-LAWS. The amendments to Articles I. and IV. of the by-laws proposed at the last meeting, in regard to abolishing honorary membership in the Association, were again read, and, on motion, were adopted by the meeting.

On behalf of the special Committee appointed by the Board of Directors to investigate methods of nomination for the elections of the Association, A. C. Dimon, '96, reported that information on this subject had been collected from the Alumnæ Associations of Barnard, Cornell, Smith, and Vassar. The nominations for the officers of these Associations are generally made by a Nominating Committee in the same way as in our Association. No other method of nomination seems possible save that by the Association at large, which is open to great practical objections.

As our Academic Committee corresponds in relative weight and function more nearly to the Alumnæ Trustees of other col-

leges than to their other officers, the nomination of these Trustees was taken as a basis for the comparison of our nomination of the Academic Committee. At Smith and Vassar the nominations are made by the Executive Committee; at Barnard, a nominating committee submits names to the Executive Committee for approval; the Alumnæ at large are given an opportunity to have some voice in the nominations at Cornell and Smith. As to the number of candidates nominated, Cornell does not require more than one, but the other colleges call for from three to five for every vacancy. Vassar and Smith in sending out the ballots also send information about the candidates to guide the voters.

The special Committee made no recommendation to the meeting.

The proposed amendments to Articles VI. and VII. in regard to changing methods of nomination for the election of the Academic Committee were then thoroughly discussed and adopted by the meeting after being amended to read:

Article VI, Section 3:

The members of the Academic Committee shall be nominated as follows: The Board of Directors shall make at least twice as many nominations as there are vacancies in the Committee. Furthermore, any twenty-five Alumnæ may nominate one candidate for any vacancy in the Committee, provided that they sign the nomination and file it with the Recording Secretary by December 1st, preceding the annual meeting.

The members of the Academic Committee shall be elected by ballot of the whole Association and shall each hold office for four years or until others are elected in their places.

The Board of Directors shall have power to fill any vacancy in the Committee, such appointment to hold until the next regular election.

Art. VII, Sec. 6, after "annual dues" read:

"At least one month before each annual meeting it shall send to each member of the Association a ballot presenting nominations for the Academic Committee in accordance with Art. VI. Sec. 3. Biennially, at least one month before the annual meeting, it shall send to each member of the Association the ballot prepared by the Nominating Committee in accordance with Art. VII. Sec. 12.

Art. VII, Sec. 12 :

The Nominating Committee shall biennially prepare a ballot presenting alternate nominations for the officers of the Association and shall file it with the Recording Secretary by December 1st, preceding the annual meeting.

In regard to creating a Finance Committee the proposed amendments to Articles V. VI. and VII. were adopted without further change, except that Article V. Section 1, was amended by adding the words, "and the Treasurer, *ex officio*."

PROPOSED The following amendment to the by-laws was pro-
AMENDMENT
TO BY-LAWS. posed :

Article VI. Section 1, amended by adding, "No ballot shall be valid that is not returned in a sealed envelope marked 'Ballot.'"

On motion it was ordered that the two honorary members of the Association, Susan Goldmark and Umé Tsuda, be considered Associate Members, but that their dues be remitted.

It was further ordered that a vote of thanks be extended to President Thomas for the luncheon given by her to the members of the Alumnæ Association.

On motion the meeting adjourned.

ELIZABETH NIELDS, *Recording Secretary*.

REPORT OF THE ACADEMIC COMMITTEE.

The annual meetings of the Academic Committee were held on February 5th and 6th, in Bryn Mawr. Six members only were present, Anna Rhoads Ladd, and Emily James Putnam, who was appointed to fill the vacancy caused by the resignation of Alice Bache Gould, being unable to attend. Those present were: Jane Louise Brownell, Chairman; Susan Walker Fitzgerald, Secretary; Mary Taylor Mason, Susan Braley Franklin, who was appointed to fill the vacancy caused by the resignation of Edith Sampson Westcott, Mary Bidwell Breed and Elizabeth Butler Kirkbride, *ex officio*. The meetings consisted of a meeting of the Committee alone; a conference of the Committee with President Thomas and two members of the Faculty, Dr. Wheeler and Dr. Irons; a conference of the Committee with President Thomas; and a final meeting of the Committee alone.

The most important reports and discussions were as follows :

This year the graduate school numbers sixty-seven, reaching again its highest number thus far. **INCREASE IN THE GRADUATE SCHOOL.** Thirty-seven students are taking full graduate work, and all the fellowships are filled.

In 1900 the Freshman Class numbered 101; in 1901, 122; and in 1902, only 82. **DECREASE IN THE FRESHMAN CLASS.** Investigation shows that there is a similar falling off in numbers in the Freshman Class of several other colleges. It is, however, probable that certain local conditions,—the raising of the tuition and the advertisement that there were few rooms on the campus for new students,—have decreased the number at Bryn Mawr. It is significant that only one student that intended to stay but one year entered this autumn, and that nineteen that had passed their examinations deferred their coming until next year.

The maintenance of the standard of the Bryn **A. B. DEGREE.** Mawr degree of A. B. was considered a matter of serious importance. The new "merit" rule of the Faculty, whereby a student must receive at least "merit" in half of the first one hundred and twenty hours of work offered for examination, for the first time, affects the whole Senior Class. No conditioned college examinations can be graded above "passed," and yet they must be counted in the first one hundred and twenty hours. The result is that in the present Senior Class one student has already lost her degree, and nineteen others have not yet the required sixty hours of merit work. It is, however, still possible for any of these nineteen students to obtain the required number of "merit" hours. By the old rule that no student might incur conditions in more than twenty hours of work, seven students only have lost their degrees since the opening of the College, seventeen years ago. There was also a discussion of the advisability of giving the Bryn Mawr A. B. *cum laude*, as is done in many colleges.

Certain practices that tend to lower the standard of intellectual work and that to some extent prevail among the students were also the subject of discussion :—cheating, the use of translations, coaching for college examinations, and cutting. A students' Committee with the permission of the Faculty is preparing a plan for securing the co-operation of the students with

the Faculty in maintaining a high standard of honour in college examinations.

ENTRANCE EXAMINATIONS. The conclusions reached in the discussion of sight-reading entrance examinations in the classics were that the preparation for a sight-reading examination is the best training possible for a thorough knowledge of the language ; that a paper that combines an examination in sight translation with an examination on the commentary of a very few prepared passages may be desirable, if possible, but that the practical difficulties are so great that undoubtedly the sight-reading preparation will suffer if such a change be made ; that, therefore, no change is considered desirable.

COLLEGE EXPENSES. A study of the comparative expenses of board, lodging, and tuition in the different colleges open to women shows that the minimum expense at Bryn Mawr, \$450, is \$50 higher than that of any other such college. On the other hand, the advantages that Bryn Mawr offers are greater, and \$450 is a reasonable fee for what is given. One-third of the rooms in the new hall are of the minimum price and another one-third bring \$500. Other necessary expenses, such as cap and gown, nurses, degree, laboratory fees, etc., average each year, exclusive of laundry and books, \$17.34. Moreover, the ordinary class dues for the first three years average about five dollars a year. Probably less than fifty dollars a year pays all necessary expenses, except board, lodging and tuition.

PRACTICE SCHOOL. A practice school under the direction of Dr. Leuba, is to be opened next year in the cottage belonging to the College on Montgomery Avenue. It will begin with the first year of the high school and possibly will also have a kindergarten. A competent principal, assisted by graduate students that have had experience in teaching, will do the teaching. The fee for the High School is to be twenty dollars a year.

NEW DORMITORY. Mr. A. D. Houghton, Mr. Rockefeller's chief engineer, with Mr. Rockefeller's consent, has taken the contracts for building both the new dormitory and the library. The contracts have been made on the lowest possible estimates and the college therefore has practically received another gift.

Other subjects of discussion were: the need of more resi-

dent scholarships; the "orals"; the giving of more points to English in the entrance examinations; the system of advisers now in use; self-government; the effect upon the college of students that come heavily conditioned, for one year only.

It was a gratification to the Committee to learn that President Thomas has recently been elected to fill a vacancy on the Board of Trustees of Bryn Mawr College.

Respectfully submitted,

JANE L. BROWNELL, *Chairman.*

REPORT OF THE CONFERENCE COMMITTEE.

There has been less than the usual number of meetings of the Committee during the past year, due to the fact that last spring the free time of students and Alumnae was devoted to raising the money for the Library Building. In November the Undergraduate Association completed the ten thousand dollars which it had pledged itself to contribute; the last entertainment for the benefit of this students' fund was a most successful illustrated lecture by Mrs. Charles Rhodes on the "Wagner Operas."

This autumn no Music Committee was formed, as last year the work of the Committee was not adequately supported. There have been two College Receptions and four formal meetings of the Graduate Club. The Graduates' afternoon teas are very popular this year; they are held as usual in the Graduate Club rooms, which have been completely fitted up again since the rebuilding of Denbigh Hall.

Among the usual class entertainments the Sophomore and Freshman plays were of course of special interest. In October the class of 1905 presented Pinero's play, "Trelawney of the Wells," and the class of 1906 in return acted an original burlesque, "The Strenuous Life." The Presentation of Lanterns took place in the evening on the campus, as has been the custom of late years.

Since its introduction last year hockey has been a feature of the athletic life of the college, and during the past autumn it replaced basket ball altogether.

The work of the Trophy Club, which commenced last Spring,

has met with great interest, and with a generous response. The Club now owns a complete collection of class lanterns and the programs of all the class plays. The collection of Junior-Senior supper cards, of class seals, and of photographs of classes and class plays is incomplete.

The Club would be very grateful for contributions that should complete these collections and for the following numbers of the "Fortnightly Philistine," Vol. IV, 1, 2, 12, 13; Vol. V, 2; Vol. VII, 9; Vol. VIII, 4.

HELEN J. ROBINS, *Chairman.*

REPORT OF THE JAMES E. RHOADS SCHOLARSHIPS COMMITTEE.

Katharine M. Shipley, '90, who had acted as Secretary of the Scholarships Committee, being absent in Europe, Mary Southgate, '01, was appointed by the Board of Directors to fill the vacancy. All the applicants for scholarships were personally interviewed by members of the Committee and three preliminary meetings were held. At the final meeting on May 9th, there were present besides President Thomas and the Committee, Dr. E. P. Kohler and Dr. Louis E. Menger, on behalf of the Academic Council of the Faculty.

There were five applicants for the Junior Scholarship, all of them having an average of over 80 per cent.; and of the eight applicants for the Sophomore Scholarship five had an average of over 80 per cent.

In the discussion of the merits of candidates it was the feeling of the Committee that general ability in work must be taken into account as well as actual numerical average.

The following recommendations were made to the Trustees:

For the Junior Scholarship: Edna Aston Shearer.

For the Sophomore Scholarship: Mary Rachel Norris.

The sum of \$150 was later raised through the help of interested friends, and was awarded as a Special Junior Scholarship.

The donors of this sum were:

Mrs. Theodore N. Ely,	\$25
Through Mrs. Theodore N. Ely,	50

Dr. B. Alexander Randall,	\$10
Mr. W. Hinckle Smith, through Mrs. Ely,	50
Anonymous,	15

The number of applicants has been larger this year and their standing higher than ever before, and your Committee is freshly impressed with the need of more scholarships, if the college is not to lose the very valuable influences represented by these hard working students of limited means.

MADLINE V. ABBOTT BUSHNELL, *Chairman*.

REPORT OF THE STUDENTS' LOAN FUND COMMITTEE.

During the past year the Committee has loaned money to nine students in sums amounting altogether to \$1,425. The sum of \$425 has been repaid into the Fund.

Contributions for the year amounted to \$500.00.

The balance in the Fund at last report was \$1,274.94, the interest on loans and deposits during the year has amounted to \$32.84 and \$24.13 respectively, so that, with the contributions and repayments, the total receipts amount to \$2,256.91. Deducting from this amount the sum of \$1,425.00 loaned during the year, there is a balance to date of \$831.91 in the treasury.

ANNUAL REPORT OF THE BOARD OF DIRECTORS.

February 6, 1904.

The Board of Directors has little except routine business to report for the year 1903. Five regular meetings have been held and the usual committee appointments have been made. The vacancies caused by the resignations of Susan Walker FitzGerald, '93 and Anna Roads Ladd, '89 from the Academic Committee, have been filled by the appointments of Marion Edwards Park, '98 and Edith Sampson Westcott, '90. In accordance with the new provision of the By-Laws, the Board has also made nominations for the Academic Committee elections. In addition to these the Alumnæ have filed two independent nominations, signed by twenty-five members each.

The following former students have been unanimously elected to Associate Membership:

Anna T. Phillips,	Julia P. Smith,
Therese F. Colin,	Katharine Middendorf Blackwell,
Charlotte Morton,	Marguerite Bissell,
Therese P. Coles.	

In the matter of collections, this has been a sabbatical year for the great majority of the Association, as it seemed best to undertake no new work until the outstanding promises to the Library Fund had been paid in. The Treasurer reports that on February 1st, 1904, only \$271.50 remained to be collected, and the time has evidently come for the Association to turn its energies in a fresh direction. Whatever collections are undertaken, the benefit to the College will be doubled if the work proves an incentive to the formation in different parts of the country, of local Bryn Mawr organizations, such as already exist in New York, Washington and Pittsburgh.

The next annual meeting of the Association will be held on February 4, 1905.

ELIZABETH BUTLER KIRKBRIDE,
President.

EXTRACTS FROM THE MINUTES OF THE ANNUAL MEETING.

The Annual Meeting of the Alumnæ Association of Bryn Mawr College was held in Room D, Taylor Hall, February 6th, 1904, the President, Elizabeth B. Kirkbride, in the chair. There were about one hundred members present.

The reports of the Board of Directors and the standing committees were read and accepted by the meeting.

SALE OF PHOTOGRAPHS. The report of the Committee having charge of the sale of photographs of Sargent's portrait of President Thomas, showed receipts for the year amounting to \$13.50. Announcement was also made that Hollyer prints of the portrait had been obtained from London and would be sold by the Committee for three dollars each.

ANNUAL SUPPER. The Committee having charge of the annual supper at Commencement reported about one hundred and thirty Alumnæ present on June 4th. The guests of the occasion were President Thomas, President and Mrs. Isaac Sharpless, Professor Charlotte A. Scott, Mr. J. Harkness, Senator C. H. Dietrich, and Mr. Philip C. Garrett.

Marion Parris, '01 was toastmistress and toasts were responded to by President Thomas, President Sharpless, Marian MacIntosh, '90, Professor Scott, Senator Dietrich, Jessie I. Miller, '01, and by Gertrude E. Dietrich on behalf of the Class of 1903.

AMENDMENT TO BY-LAWS. The proposed amendment to Article VI, Section I of the By-Laws by the addition of the words: "No ballot shall be valid that is not returned in a sealed envelope marked 'Ballot'," was adopted.

The interest of the meeting centered particularly around the informal report of the meetings of the Academic Committee as presented by Mary B. Breed, the Secretary.*

The efforts of the Committee to have the Association directly represented on the Board of Trustees met with general approval and the following resolution was adopted:

* See Report of the Academic Committee, page 8.

“Resolved, that the Alumnæ Association empower the Academic Committee to continue its efforts to secure alumnæ representation on the Board of Trustees as soon as possible.”

The remainder of the time of the meeting, at both morning and afternoon sessions, was taken up with the discussion of the best means to meet and to arrest if possible the proposed increase in the tuition fee. Such increase it was generally felt would do incalculable harm to the College in debarring from attendance students of small means who aid so largely in keeping the proper equilibrium of the social life of the College and in maintaining a high standard of academic work. A majority of the meeting felt that some means for the immediate relief of the situation must be decided on at once and the following resolution was adopted.

“Resolved, that the Association pledge itself to raise an amount equal to the proposed increase in tuition fees for next year provided the Trustees agree that the tuition be not raised and the change cannot be averted in any other way.”

This resolution was opposed by a strong minority who felt that such a measure brought only temporary relief and did not meet the exigencies of the situation. The fact remained that the College was greatly in need of the means to maintain an academic staff of the highest standard and such a need could be met only by an increased endowment. The meeting agreed in the feeling that efforts for an Endowment Fund should be made and a motion was carried that *“the Alumnæ Association pledge itself to raise an Endowment Fund for academic purposes.”*

For the immediate measure, however, it was ordered that *“the Academic Committee bring the matter of raising the tuition fee to the notice of the Trustees and if possible have the matter arranged without calling on the Alumnæ for money.”*

Early in the meeting an earnest appeal on behalf of the undergraduates was made for immediate aid in erecting the Students Building while advantage might be taken of the comparatively low estimates for the work made by the builders of Rockefeller Hall and the new library building. The meeting was in sympathy with the efforts for a Students Building but a motion to give financial aid was lost and the following resolution adopted,

"*Resolved*, that the Alumnæ express to the undergraduates their regret that they are unable to take active part, as an Association, in raising money for the Students Building because of the urgent need of an Endowment Fund."

A general discussion followed on the subject of the standard of living at the College and the Academic Committee was instructed to "investigate the causes for the added expense of living in the College and to consult as to the best means of remedying the trouble."

After the announcement of the results of the biennial election, the meeting adjourned.

ELIZABETH NIELDS, *Recording Secretary*.

REPORT OF ACADEMIC COMMITTEE.

The Annual Meetings of the Academic Committee were held on February 4th and 5th, in Bryn Mawr. They were attended by the whole committee, consisting of Emily James Putnam, Chairman, (appointed to the Committee to fill the vacancy caused by the resignation of Alice Bache Gould and elected to the chairmanship left vacant by the resignation of Susan Walker Fitz Gerald,) Mary Bidwell Breed, Secretary, Susan Fowler, Pauline Goldmark, Marion Reilly, Edith Sampson Westcott, (appointed to fill the vacancy caused by the resignation of Anna Rhoads Ladd,) Marion Edwards Park, (appointed to fill the vacancy caused by the resignation of Susan Walker Fitz Gerald,) and Elizabeth Butler Kirkbride, *ex-officio*. Two preliminary meetings had been held in New York, one in April and one in December. The Annual Meetings consisted of a meeting of the Committee alone; a conference of the Committee with President Thomas and two members of the faculty, Professor Mackenzie and Dr. Leuba; a conference of the Committee with President Thomas; and a final meeting of the Committee alone.

The most important reports and discussions were as follows:

ENGLISH The President reported that by recent action
ENTRANCE of the Faculty, increased weight is to be given to
REQUIREMENTS. English in the requirements for entrance, in
accordance with views often expressed by the Committee.

According to the new system, each subject is given one point for each year of preparation allowed by the usual school programme. Thus English, Latin, and Mathematics are each given four points out of a total of twenty, while French, German and Greek have three each, and history and science one each. This system will go into effect in the autumn of 1906.

The maintenance of the standard of the Bryn Mawr, A. B. degree is naturally a matter of great importance to those who hold the degree, and the Academic Committee believe that perhaps their most obvious duty is to keep attention directed to this subject. Last year, at the close of a report on the working of the "merit system," President Thomas asked the Committee to consider for discussion at the next meeting the desirability of grading the A. B. degree by giving it *cum laude*, or with some other mark of distinction in the case of the most satisfactory candidates. The Committee reported themselves as very doubtful of the result of such a step, viewed as a stimulus to increased effort, preferring the plan of conferring at graduation special honours in individual subjects, while leaving the degree itself the same for all. It seemed to the Committee, however, that both these methods were artificial expedients, and that the real way to promote scholarship would be to divide extremely large classes into sections of manageable size, on a basis of proficiency, and thus to enable the abler or more diligent students to cover more ground than can be covered by a large heterogeneous class. There are at present more than ninety students in the Latin minor courses and other classes are even larger. While this is the case, the Committee felt that any possible assignment of honours would proceed from such insufficient knowledge of the work of individual students as to result in far from perfect justice. These several propositions were fully discussed, in the light of the experience of other colleges.

The Committee called attention to the contrast between the requirements for the Master's degree at Bryn Mawr and those at the representative colleges and universities with which Bryn Mawr may most fitly be classed. There has been a tendency of late in the best colleges in America to rehabilitate this degree, which had been for centuries a matter of

**HONOURS WITH
A. B. DEGREE.**

A. M. DEGREE.

little or no educational importance anywhere. In any large graduate school there may be found students who from lack of time or of ability cannot profitably undertake the work for the doctorate, but who should not on that account be left without a systematic plan of study fitted to their circumstances. It is chiefly for the benefit of such students that the Master's degree has been given a meaning. Two requirements have, in general, been made; first, that it should be given in recognition of graduate or "advanced" work only, and, second, that this work should be so chosen as to form a logical whole. It was the unanimous opinion of the Committee that in view of the comparisons unfavorable to Bryn Mawr which are now being drawn in respect to this degree, it would be advisable either to abolish it or to establish it on a more rigorous basis. The President explained the history of the degree at Bryn Mawr. Restricted to graduates of Bryn Mawr, it was intended to be a "cultural" degree, indicating only a term of residence after graduation, and the reasonably successful pursuit of a certain number of courses of liberal study, without regard to the character of the courses. The interest in this discussion shown by the President and by the members of the Faculty present, entitles the Committee to hope that the matter will receive official attention.

ALUMNÆ TRUSTEE.

The question of *alumnæ* representation on the Board of Trustees was thoroughly discussed from various points of view. The Committee were able to present evidence of the beneficial effect of *alumnæ* trustees at Barnard, Cornell, Smith, Vassar and Wellesley. In several cases trustees not *Alumnæ* expressed their approval of the presence of *Alumnæ* on the Board. The Committee were earnestly of the opinion that some form of representation, even if incomplete, should be aimed at as soon as possible.

ENDOWMENT FUND.

In view of the desirability of sectioning large classes, and of the relatively large salaries paid by the universities to instructors of the class that Bryn Mawr has been accustomed to select, the Committee expressed the wish that future expansion of the budget might be in the direction of the increase of salaries of the present staff of instruction and of additions to the staff in departments already organized, rather

than in the direction of new undertakings such as the proposed Practice School. The Committee were of the opinion that it would be advisable for the Alumnæ to make their next gift for academic purposes a contribution towards an endowment fund.

The President announced that by recent action **INCREASE OF**
of the Trustees, not as yet made known to the **FEES.**
public, the tuition fees have been increased by \$50.00, making the minimum cost of tuition and residence \$500.00. The increased charge will affect the class entering in 1904 and all succeeding classes. This action was taken as the result of the increased cost of fuel, labour, etc., which created a deficit for the College last year. The Committee expressed the greatest regret at this announcement.

The President reported that steps had been **UNDER-**
taken to check undue cutting by numbering the class- **GRADUATE**
room seats and, in some courses, asking students **MATTERS.**
to sit in alphabetical order. The tendency of Bryn Mawr undergraduates to criticize the Faculty and to believe in the effectiveness of their criticism was earnestly discussed, in regard to its origin, and the possibility of checking it as an injury to the College in the public mind.

Professor Mackenzie reported that Dr. Bascom **COLLEGE**
had been offered a large collection of minerals, to be **NEEDS.**
given to the College on condition that a suitable room be provided for its storage and exhibition. The collection is probably worth \$15,000. One large room would accommodate it. Dr. Leuba reported the need of funds for the Practice School, for which a house is already provided.

Respectfully submitted,

EMILY JAMES PUTNAM, *Chairman.*

REPORT OF THE CONFERENCE COMMITTEE.

Last year it was considered advisable by the Conference Committee that there should be two formal business meetings of the Committee, one in the Spring and one in the Autumn, and as many informal gatherings as might be agreeable. Unfortunately

this could not be carried out in the past year but it is strongly suggested as a plan for the future.

There have been three informal meetings of the Committee. Before Easter our President, Miss Kirkbride, entertained the Committee at luncheon at her home. In the fall Miss Marion Reilly gave the Committee a tea and in January another tea was given by the three Alumnæ members, Miss MacCoy, Miss Chapin and Miss Todd.

At the mid-years last winter, there was considerable agitation over the question of proctoring at examinations. The honour and proctor systems were discussed with the result that things were left practically where they had been. The method which has held at Bryn Mawr from the first was judged the best.

There has been a feeling among many that the entertainments given to and by the Freshmen in the fall after they have entered College is detrimental to their health and standing. On this account the Freshman play was given up this year and formal entertainments arranged so that they were at least two weeks apart. The undergraduates feel that the suppression of the play will deprive the Freshmen of a great help in class organization, although they acknowledge that it is a physical strain and a great expense.

The Students Building Committee have gotten out the "Bryn Mawr College Song Book," of which you all have been notified. It contains all the college songs, the music of each given with the words, and is charmingly illustrated by Elizabeth Shippen Green.

By this same Committee post cards have been issued, which have attractive reproductions of photographs of the College buildings and campus. The full series of twelve may be bought for fifty cents.

It is thought that it would be wise to raise the remaining amount needed for the Students' Building in order that it might be completed at the same time as the Library Building, thus saving great expense.

Last fall, on the Athletic Field, hockey was played with great enthusiasm. Besides the inter-class games the College played the Merion Club team, coming off victorious. The morality

play "Everyman" was given in the gymnasium by the English company who introduced it into this country last Spring. There was an interesting lecture by Professor Royce of Harvard on "George Fox, the Mystic." Hamilton Mabie was the speaker at Commencement in June and Dr. Horace Howard Furness was present at the laying of the corner stone of the new Library Building.

A new monthly whose title is "Tipyn o' Bob" has taken the place of the "Philistine". It is of a more serious character than the latter and has a department for alumnæ news and for articles contributed by members of the Association.

ELIZABETH W. BLANCHARD, *Chairman.*

REPORT OF THE JAMES E. RHOADS SCHOLARSHIPS COMMITTEE.

The seventh meeting of the James E. Rhoads Scholarships Committee was held in the President's Office, Taylor Hall on Friday, May 1, 1903. There were present on behalf of the Faculty, President M. Carey Thomas, Dr. Louis E. Menger, and Dr. Charles M. Andrews, and on behalf of the Alumnæ, Mrs. Charles Elmer Bushnell, chairman, Miss Elizabeth B. Kirkbride, Mrs. William H. Collins, and Miss Abigail C. Dimon. Nine applications in all were presented to the Committee, two for the Junior Scholarship and seven for the Sophomore Scholarship. The chairman reported that all these candidates had been seen personally by two of the alumnæ members of the Committee, that their professors had supplemented their marks by a more or less definite general opinion in writing and that their respective merits and needs had been very thoroughly discussed by the alumnæ members at a meeting held the day previous.

The Committee then voted unanimously to nominate Bertha Warner Seely for the Junior Scholarship, and Phoebe Sinclair Crosby for the Sophomore Scholarship.

Following these nominations was a prolonged discussion involving the question of need, and the interpretation which the Alumnæ Association wished to put on the terms of its gifts.

The Committee finally united in an opinion that the Rhoads Scholarships ought to be awarded only to those candidates who could not continue to work for their degrees without financial help, and that applicants who could afford to attend the College courses from their homes as non-resident students, should not be considered primarily in need of help. In other words the Scholarships ought not to be used to gratify merely the desire to be in residence. Other points made were that no undeserving student should be nominated, no matter how great her need, and that it might be advisable to ask applicants for the names of responsible persons who could give authoritative and unprejudiced information regarding financial needs. The meeting then adjourned.

MADELINE V. A. BUSHNELL, *Chairman*.

REPORT OF THE STUDENTS' LOAN FUND COMMITTEE.

During the past year the Committee has loaned money to six students, to the amount of \$850.00 in sums not exceeding \$300.00 to any one student. The sum of \$260.00 has been repaid into the fund, and contributions amounting to \$20.00 have been received. The balance on hand to date is \$286.13. This is a small amount with which to meet the demands that will be made on the fund in the Spring, even though we should receive a number of repayments before that time. Last Spring we were obliged to give each applicant less than she asked for, and any help from the Association, either individually or collectively, will be most gratefully received, and will do a great deal of good. Annual subscriptions even if small, would be especially helpful as the Committee would then have some idea how much it could promise to applicants. Will any who desire to contribute to the fund, or to become annual subscribers, kindly give their names to the Chairman, or to the Treasurer, Martha G. Thomas.

Submitted for the Loan Fund Committee,

MARY E. CONVERSE, *Chairman*.

REPORT OF THE BOARD OF DIRECTORS.

When the Alumnæ Association at its meeting in 1904 resolved to "pledge itself to raise an Endowment Fund for academic purposes", it set itself a task larger than any it had yet undertaken. There are few results to show as yet, but the past year has we hope, seen the foundations of the work firmly laid. For the details of what has been done and especially for the plan of local organizations and auxiliary committees, you are referred to the report of the Finance Committee.

In raising this fund, a generous outlay for printing, postage and travelling will be necessary. So far, all expenses have been met from the general treasury of the Association. Where this is impossible, special contributions will be asked, for the expenses of the Finance Committee.

The question of the final disposal of the Fund has already been considerably discussed. The Alumnæ Board of Directors believe that the Fund can be made most useful to the College if it is held by the Trustees under a deed of gift embodying such conditions as may be agreed upon by the Alumnæ Association and the Trustees of the College. These conditions cannot be finally decided until the money has actually been raised. In order, however, to have some knowledge of the attitude of the Trustees an informal conference was held with the Treasurer, and assurances have been received from him and other members of the Board that the Trustees will hold any sum the Alumnæ may raise, as a permanent endowment fund, the interest thereof to be used for academic purposes, under such deed of gift as shall be mutually agreed upon by the Trustees of the College and the Alumnæ Association.

In the Library Building Fund, a balance remains of \$2,298.79 not included in the amount originally promised to the College. The Board has conferred with President Thomas as to the purposes for which extra funds are needed in finishing the building, and has decided that this sum can most appropriately be used for the panelling of the large reading room which is considered in an especial sense the gift of the Alumnæ.

The following former students have been unanimously elected to Associate Membership:

A. Caroline D. Bousquet,
 Ella Eberman Cornwell (Mrs. Gibbons Gray Cornwell),
 Katharine R. Curtis,
 Helen Fleischmann,
 Rebecca Mulford Foulke,
 Elsie Kohn,
 Julia Langdon Loomis (Mrs. Edward Eugene Loomis),
 Eleanor Silkman,
 Harriet R. Southerland,
 Susan C. Swindell,
 Elizabeth N. Utley,
 Genevieve Winterbotham,
 Hope Woods,
 Grace Clarke Wright (Mrs. Vernon A. Wright).

Elizabeth Caldwell Fountain, '97, has been appointed to serve on the Academic Committee until February, 1905, to fill the vacancy caused by the resignation of Edith Sampson Westcott, '90.

The next annual meeting of the Alumnæ Association will be held on February 10, 1906.

ELIZABETH BUTLER KIRKBRIDE,
President.

EXTRACTS FROM THE MINUTES OF THE ANNUAL MEETING.

The annual meeting of the Alumnæ Association of Bryn Mawr College was held in the Chapel, Taylor Hall, February 11, 1905, the President, Elizabeth B. Kirkbride, in the chair. There were about one hundred and fifty members present.

The reports of the Board of Directors and the standing committees were read and accepted by the meeting.

The Committee having charge of the annual supper at Commencement reported that "the supper was held in Pembroke Hall, June second, 1904. The guests of honor were President Thomas, Dr. and Mrs. Barton, Mr. and Mrs. Comfort and Dr. Lodge. There was also present, adding unusual interest to the

evening, a goodly number from the first class of the College, 1889, to celebrate the fifteenth anniversary of its graduation." Julia Langdon Loomis, '95, was toastmistress, and the toasts were responded to by President Thomas, Dr. Barton, Mary V. Crawford, '96, Dr. Lodge, Emma Linburg, '96, and by Dorothy Foster, on behalf of the Class 1904.

Susan Fowler, '95, chairman of the Academic Committee, gave an informal report of the meetings of the Committee telling the result of the correspondence with the Trustees concerning the raising of the tuition fee for the year 1904-05,* and of the very satisfactory conferences that had been held with President Thomas and with some of the Trustees in regard to the best means to secure alumnæ representation on the Board of Trustees. The committee felt that a decided step should be taken at once and presented the following resolution which was adopted :

Resolved, That a committee of three be appointed by the Academic Committee to confer with the Trustees in regard to alumnæ representation in the management of the college.

It was voted that President Thomas be given the privilege of the floor in order that she might speak to the Association on this important matter. President Thomas then addressed the meeting and expressed her desire to co-operate most heartily with the Association in its efforts to obtain representation on the Board of Trustees. She felt that the time was ripe for a full consideration of whatever plan of representation the Association might formulate. Hitherto the chief stumbling blocks had been the youth of the Alumnæ, and the provision of Dr. Taylor's will that the Trustees should be members of the Society of Friends. The first stumbling block was gradually being removed and the second might in all probability be taken away by certain processes of law. President Thomas spoke of the advantage of having women on such a Board and urged the Association not to be satisfied with anything less than the fullest representation. She then suggested that a Committee be elected or appointed to confer with the Trustees on this matter.

As such a Committee had been provided for no further action was necessary.

* See Report of the Academic Committee, page 10.

At the request of the President, Evangeline Walker Andrews spoke to the Association on behalf of the Students Building Committee. The report of the Conference Committee had outlined the proposed plan for another great May Day Fête for the benefit of the Students Building and Mrs. Andrews reported that active preparations for the Fête had been going on up to within a day or two of the meeting when the committee in charge had decided to postpone it until next year. The reason for this unexpected move was the fact that there had been a delay in the building of the new Library and such a Fête whose success would depend on the pictorial effect of the whole, would be greatly marred by the unsightly presence of an unfinished building. Next year the Fête might be a celebration of the finishing of the beautiful new Library Building.

Mary V. Crawford '96, Chairman of the Finance Committee then made an eloquent appeal for interest in raising the Endowment Fund. After some discussion and suggestions from the meeting the following resolutions were adopted:

Resolved, that a vote of thanks be given Mary Crawford and her Committee for their work.

Resolved, That the Academic Committee and the Board of Directors of the Alumnae Association with discretionary power to add to their numbers, shall constitute a committee to draw up a deed of gift to transfer the money raised by the Alumnae to the Board of Trustees which deed shall be submitted to the Association at a meeting of the Association.

In order to simplify the method of auditing the accounts of the Association the following amendments to the by-laws were proposed:

Art. V. omit "an Auditing Committee consisting of two members."

Art. VI. omit Section 9.

(Sections 10 and 11 become Sections 9 and 10.)

Art. VII. Section 5 for "the Auditing Committee" substitute "a certified public accountant."

Art. VII. Section 13 omit.

(Sections 14 and 15 become Sections 13 and 14.)

The death of three members of the Association was reported and the following memorials prepared by different members read:

"The Alumnæ of Bryn Mawr College wish to record their deep sorrow in the death of Alice Albro Barker, Ph. D., Class of '90, and express their appreciation of her scholarly interests and attainments, and her unselfish life, touched by no consciousness of sacrifice, and made beautiful by an unfaltering ideal of true womanliness.

They wish also to express to her husband and father their most sincere sympathy."

"WHEREAS, Madeline Vaughan Abbott Bushnell '93, Secretary of the College from 1893 to 1898, served the College with faithfulness and devotion for years, be it

Resolved, That the Alumnæ Association record its sorrow at the great loss it has suffered by her death, and its deep appreciation of her worth.

Resolved also that a copy of this resolution be sent to Mr. Bushnell and to the members of Mrs. Bushnell's family."

"It is our sad duty at this time to record also the death of Mary Helen Ritchie, A. B., '96, A. M., '97, Ph. D., 1902, and Secretary of the College from 1899 to 1904.

In speaking of Mary Ritchie nothing can be added to the beautiful tribute paid her by President Thomas at the memorial services held in the chapel, February 3d. It is of particular interest, however, to the Alumnæ to emphasize here the great services Mary Ritchie rendered the College in the five years she so faithfully served as its Secretary. Notwithstanding her fine academic record, the achievement of her life was the administration of her office. She was virtually the successor of Madeline Abbott and came into the Secretary's office at a time when the methods there were in a transient state and many rules and regulations had to be modified or changed to meet the requirements of a rapidly growing student body. In such a difficult and trying situation her particular power was displayed. Here her tact, calm judgment and almost inspired common sense smoothed in a remarkable way the innumerable rough places that presented themselves. The testimony of the hundreds of under-

graduates that came in contact with her and their real grief at her untimely death tell more than any words spoken here. Be it

Resolved, That a message of sympathy from the Association be sent her parents in their great bereavement."

These memorials and resolutions were adopted by a silent rising vote.

The Recording Secretary announced the result of the election for two members of the Academic Committee as follows:

Elizabeth Winsor Pearson, '92.

Marion Reilly, '01.

The meeting then adjourned.

ELIZABETH NIELDS, *Recording Secretary*.

REPORT OF THE ACADEMIC COMMITTEE.

The annual meetings were held at Bryn Mawr on February 9th and 10th. Six members of the Committee were present, Susan Fowler, Chairman, Marion Reilly, Secretary, Mary B. Breed, Susan B. Franklin, Elizabeth Caldwell Fountain (appointed to fill the vacancy caused by the resignation of Edith Sampson Westcott) and Elizabeth B. Kirkbride, *ex-officio*. A preliminary meeting was held in New York in November. The annual meetings were as usual three in number, one, of the Committee alone, the second with President Thomas and Professors Warren and Kohler, the third with President Thomas.

President Thomas reported that the Academic
A. M. DEGREE. Council of the Faculty had adopted resolutions requiring that work done for the A. M. degree shall be of an advanced character, graduate work so combined as to form a logical whole, and that the A. M., and A. B. degrees shall not hereafter be conferred together. These changes are in accordance with the views of this Committee stated in the Report of the Academic Committee for 1903-04.

SCIENCE. The question was raised whether Science holds at present as high a place in the favor of students at Bryn Mawr as in former years. The discussion was rather an indication of the possible development of need for considering the question than the outcome of careful investigation. On the whole

the discussion confirmed the impression of the Committee that fewer students are doing serious work in Science.

President Thomas asked the Committee to consider for future discussion the matter of statistics, what records of the students and Alumnæ of the College it may be useful to keep. The Alumnæ are now a body of about six hundred members and it is probable that valuable statistics might be kept by the Association in co-operation with the office of the College.

STATISTICS.

The Committee believes that the Association should now proceed to direct negotiations with the Trustees of the College concerning representation on the Board of Trustees—a matter that has so long engaged general interest among the alumnæ. The discovery of a satisfactory method of representation is work for a specially qualified small Committee which may also be able to confer with the Trustees.

ALUMNA
TRUSTEE.

The Committee is very much gratified to be able to report that President Thomas has expressed her entire sympathy with the Alumnæ in their effort to win representation in the management of the College.

This report should deal with two matters growing out of the action of the annual meeting of the Alumnæ Association in February 1904. Two special commissions were entrusted to the Academic Committee, to “bring the matter of raising the tuition fee to the notice of the Trustees” and to “investigate the causes of the added expense of living in the College.” (See minutes of the meeting of February 1904.) The following correspondence passed between the Trustees and the Committee:

FEBRUARY 18th, 1904.

EDWARD BETTLE, ESQ.,

Secretary of the Board of Trustees of Bryn Mawr College,

DEAR SIR:—

The Academic Committee begs the privilege of presenting certain matters on behalf of the Alumnæ Association for the consideration of the Board of Trustees of Bryn Mawr College.

At the recent meeting of the Association the subject of the proposed increase of the college tuition fee created profound interest; for it has always been a source of great satisfaction to the graduates that no student desirous of superior educational advantages has been debarred from Bryn Mawr

on account of exceptional expense. The Alumnae have appreciated that with a rapid increase in the number of students it would, in time, be necessary to secure additional income besides that derived from the original endowment, unless the standard of instruction were allowed to deteriorate; but we have believed that this addition should come from a new endowment rather than from an increase in the tuition fee. Such a change we should seriously deprecate on account of its inevitable effect on the character of the future student body. It is our opinion that it would tend to exclude students of moderate means, whose influence has hitherto helped to preserve the democratic spirit which we have been proud to think characteristic of Bryn Mawr.

In the community at large, the opinion is not uncommonly expressed that Bryn Mawr is a college for the rich, and while we know that there has been little foundation for this report, we should be deeply distressed to have the idea justified in fact.

So strong is the feeling of the Alumnae on this point that after a discussion of present needs, at the meeting of the Association, the project of collecting funds for a Student's Building was abandoned by an almost unanimous vote in favor of immediate efforts on the part of the Alumnae to raise an endowment fund for general academic purposes, and the Academic Committee was instructed to inquire whether, in view of this fact, the Board of Trustees would consider the possibility of postponing the raising of the tuition fee. Such action on the part of the Board would, we believe, be a great incentive to the Alumnae in their effort to assist in making provision for the needs of the college, and on it would largely depend the enthusiasm with which such a work could be undertaken.

We remain, on behalf of the Alumnae Association,

Very truly yours,

MARY B. BREED,
MARION E. PARK,
SUSAN B. FRANKLIN,
MARION REILLY,
EDITH S. WESTCOTT,
PAULINE GOLDMARK,
SUSAN FOWLER,
ELIZABETH B. KIRKBRIDE.

} *Academic Committee.*

The answer returned by the Trustees was as follows:

SECOND MONTH 23rd, 1904.

To the Academic Committee,

The Alumnae Association of Bryn Mawr College,

DEAR FRIENDS:—

Your letter of the 18th instant was presented and read at the stated meeting of the Trustees of Bryn Mawr College on the 19th instant and was carefully considered.

I was requested to inform you that the increase in tuition fees was adopted after full and serious consideration. The need of increased income for the College is imperative and the plan adopted to secure this is, we believed, and still believe the only available one.

The Board would gladly welcome an increase in our endowment and fully appreciate the good will of the Alumnæ Association in this matter as evidenced by your letter.

An increased endowment of at least \$500,000 would be required to give the College the additional income which the recent advance in tuition charges will bring in, even with the present number of students. We believe that the additional charge of fifty dollars, annually, or two hundred dollars for the four years' course, can be met by students, whereas a corresponding increase of endowment is, we feel sure, not attainable at the present time.

We sympathize with your wish that the College may, so far as possible, be accessible to students of slender means and would welcome additional funds for full or partial scholarships to aid such, as well as a greatly increased endowment, but unless the College can be maintained in full efficiency it will cease to be attractive to this or any desirable class of students.

The alternative of abandoning departments or courses and otherwise curtailing the operations of the college, we have not yet considered, nor, we imagine, would the Alumnæ wish us to do so. It is a question of ways and means and we believe the plan adopted is the only practicable one, as has been said, to meet the present requirements of the case.

Very truly,

EDWARD BETTLE, JR., *Secretary.*

The Trustees of Bryn Mawr College.

No further action was taken.

In regard to the other matter, a thorough investigation is impossible without free access to the College accounts. This would evidently be no small matter. The mere difficulty need not deter from an attempt, but the Committee after some inquiry was inclined to think that the results of such an investigation would not repay much expenditure of time and energy. The Committee has collected some apparently unimportant information relative to college fees and class dues. For more intimate expenses neither a method of present inquiry nor sufficiently definite information about the past is available.

Respectfully submitted,

SUSAN FOWLER,

Chairman.

REPORT OF THE CONFERENCE COMMITTEE.

The Conference Committee has so far had but four meetings this year.

At these meetings, the business transacted has been of an informal kind, for the most part a very full and open discussion of all matters of interest to undergraduates and alumnæ.

Arrangements for the May-Day Fete* absorbed much of the time and attention at the meeting held on January 6th.

The plans of the under-graduates were discussed, and it was found that the plays presented by the different classes would, with the exception of that given by the Juniors, be the same as those presented in 1900. The Seniors will give the Robin Hood; the Juniors, the Hue and Cry after Cupid, by Ben Johnson, and Pyramus and Thisbe; the Sophomores, the Revesby Sword Play, and the Dance of the Chimney Sweeps; the Freshmen, The Ladie of the May, by Sir Philip Sidney, while the graduate students will present the St. George Plays.

Once again the incidental benefit of an undertaking that requires united effort on the part of graduate students, alumnæ, and under-graduates, is evident in the enthusiastic readiness of all to co-operate in making the second May-Day as successful as the first.

Other interesting questions were: The Endowment Fund, the expenditures of under-graduates, and the suspension of the "Freshman Play." In no instance have the discussions been in any way conclusive. Their value lies for the Alumnæ and under-graduates rather in the opportunity to meet one another and to discover the point of view of the other body.

The report of the Conference Committee must, of necessity, be vague, but the value of these meetings can never be doubted by one who has attended them.

Respectfully submitted,

MARIAN T. MACINTOSH,

Chairman.

*The May-Day Fête has been postponed for a year. See minutes page 8.

REPORT OF THE JAMES E. RHOADS SCHOLARSHIPS COMMITTEE.

The eighth meeting of the James E. Rhoads Scholarships Committee was held in the President's Office, Taylor Hall, on Saturday, April 16, 1904. There were present on behalf of the Faculty, President M. Carey Thomas, Dr. George A. Barton and Mr. Henry N. Sanders; and on behalf of the Alumnæ, Miss Elizabeth B. Kirkbride, Mrs. William H. Collins, Miss Abigail C. Dimon and Miss Elizabeth C. Bent. Mrs. Charles E. Bushnell was in Europe at the time of the meeting. Fourteen applications in all were presented to the Committee, five for the Junior Scholarship and nine for the Sophomore Scholarship. It was reported that all these candidates had been interviewed personally by two of the Alumnæ members of the Committee and that their professors had supplemented their marks by a more or less general opinion in writing.

After careful consideration of the merits and needs of the various candidates, the Committee voted unanimously that the Junior Scholarship be awarded to Phoebe Sinclair Crosby, and the Sophomore Scholarship to Clara Lyford Smith.

The Committee reiterated the decision of last year's Committee that the Rhoads Scholarships ought not to be used merely to gratify the desire to be in residence.

ELIZABETH CONWAY BENT,
Secretary.

REPORT OF THE STUDENTS LOAN FUND COMMITTEE.

During the past year your Committee has made loans to eight different students to the amount of \$1,450. The sum of \$1,300 has been repaid into the fund by nine students who formerly borrowed from it an unusually large sum to be repaid in one year. The balance on hand at last report was \$286.13, the amount received from subscriptions during the year, \$35.00, the interest on loans and deposits, \$116.46; leaving a balance in the treasury to date of \$287.59.

The number of applications and amount applied for increases every year, and the Committee will be most glad of any contributions, or annual subscriptions. The Alumnæ would do well to form the habit of contributing to this fund every year.

Respectfully submitted,

MARY E. CONVERSE, *Chairman*.

REPORT OF THE HEALTH STATISTICS COMMITTEE.

The Health Statistics Committee reports no sets of questions sent out since the last annual report. Copies of the sets of printed questions were exhausted and the plates from which additional copies could have been printed were unfortunately burned in the fire at the Avil Printing Company's office in November, 1903. In view of the fact that the health statistics of the Association of Collegiate Alumnæ will be published shortly, President Thomas suggested that it would be desirable to wait until this had appeared in order that in having fresh sets of questions printed advantage might be taken of suggestions arising from the A. C. A. report. The College has always defrayed the expenses of the Health Statistics Committee and it might be a question of having fresh plates made, which we might wish to change next year.

REPORT OF THE FINANCE COMMITTEE.

In February last the need for an additional endowment fund was made evident and the Finance Committee was instructed to begin the work unless as a result of the negotiations between the Academic Committee and the Trustees it should first be necessary to raise a fund equal to the sum to be realized from the recent increase in the tuition fee. The Finance Committee was notified early in April that the Trustees found it impossible to

alter their decision in regard to the tuition fee and the Committee was told to start the endowment fund.

The first business before us was to make an organization, as, owing to the abolition of class collectors there was no machinery of any sort. It seemed, therefore, wise to try to appoint chairmen in as many different localities as possible and to ask such chairmen to organize their own committees and to carry on the work in whatever way seemed best in a given place.

This work has taken unexpectedly long, and to our regret is not yet complete, although great progress has been made. The fault is partly ours; owing to unavoidable delays during the summer months the great amount of correspondence was not accomplished: and it is also partly the fault of the Alumnæ on whom we sought to thrust this privilege. They shrank with wonderful modesty from assuming the position and also from telling us so!

In addition to the necessity of notifying the Alumnæ and former students (for with entire impartiality we have called upon the latter for help, and they have most generously responded) of the undertaking of this enterprise,—which was done in a letter mailed to each last June, we found it essential to gather all possible information, statistics, etc., both as to history and present needs, and to have this printed in available form, for use by us all, and for the enlightenment of the public. This has been printed in a pamphlet, and three copies sent to each, enclosed with a second letter asking that each individual now go to work.

We have likewise prepared subscription blanks wherein are provided four lines for dates of payment any time up to January, 1909; remittance forms, etc., and forms of report by which we shall keep accurate records of the work accomplished in each locality, and be sure of sending proper acknowledgment to those who have given to the fund.

In addition, we have prepared a letter of suggestions to chairmen, in which we have tried to mention as many and as varied methods as the past experience either of our own or of other organizations has proved valuable.

I want to speak of one plan that we specially hope to have put into practice, that of advisory committees of well-known and

influential men and women. Such a committee serves a two-fold purpose : it is a guarantee to the general public of the worth of our cause, and of our responsibility, and it is possible through such a committee to reach many people whom we could not otherwise successfully influence.

So much for the general plan. Now as to the work accomplished.

The Philadelphia Committee, with Miss Marion Reilly as chairman, has been longest at work, but that is not very long. The great number of Alumnæ and former students to be reached has made the preliminaries more tedious. A letter has been sent to each asking for aid, suggestions, lists of people whom she could approach or to whom she could give introductions. Also some work has been done in the way of asking people directly for money, but as yet no definite promises have been given.

The Washington Committee was organized three weeks ago. with Miss Edith Totten as its head. It has already accomplished at least one important thing, having had good notices of the need of an additional Endowment Fund published in the chief papers, besides an editorial commending the work. The Committee has likewise some plans for the spring whereby it hopes to get people working for us and amusing themselves—a very good idea!

The New York Committee was started only ten days ago. Miss Emily R. Cross has most generously consented to be its chairman, in addition to continuing her efficient work on the general Finance Committee. The Committee for New York is almost formed, but naturally little else has yet been done.

Last Monday in Chicago a committee was formed with Mrs. Morris L. Johnston as chairman, in connection with the organization of the Bryn Mawr Club there. We hope for great things from Chicago!

In various places throughout the country Alumnæ and former students have consented to be chairmen, but there is as yet little to report from them.

I have reserved for the last the work of the Boston Committee which was organized just before Christmas with Miss Anna Phillips as chairman. I have received a most inspiring

letter from the chairman. In it she tells of having organized an honorary committee of sixty influential people who are to form a permanent body to be interested in Bryn Mawr, and of course to help in this emergency. The Bryn Mawr Club's annual luncheon is to take place on February 18th, and President Thomas is to attend and speak to the Club. On the same afternoon there is to be a reception of the honorary committee by Miss Phillips to meet the President and to hear her. Immediately thereafter articles already prepared are to appear in the leading newspapers—and then they are going to beg!

Such is a short outline of some of the work done. Now we are ready to work. We have received in promises and cash some twenty-eight thousand dollars, of which twenty thousand is to be credited to the Boston Committee, and this in spite of the fact that they say they have not yet begun to beg!

Our success or failure depends now on the courage, the energy, the faith with which every one of us goes to work, both upon our own initiative and in connection with the Committee nearest us. That we *can* raise this imperatively needed money, and so help materially the college which has done so much, so infinitely much for us, and for which in turn each of us has done so little, so infinitely little, is *certain*. Remember this money is solely for the support of the academic side of the College and so makes directly for education. Hence we have a *right* to ask for contributions to the fund. Let us then, fired with belief and enthusiasm, refuse to be downed by obstacles, cooled by indifference, or discouraged by failure here and there, and never admit even to ourselves the possibility of defeat in such a cause. Let us exert all our powers for the next four months and in June give to Bryn Mawr, our alma mater, a gift worthy of her.

MARY V. CRAWFORD, *Chairman*.
